

CLUB NEWSLETTER

JUNE 2026

Welcome

Welcome to our third and final newsletter of the 2025/26 season, 'A Season To Remember'

Our previous newsletters have focused on raising the bar, establishing a new norm whilst sharing the progress we are making as a club, both on and off the field.

For this edition, we want to pause and celebrate what we have achieved together — recognising the milestones, achievements, people and moments that have made this season so special.

Season Overview

Arguably one of the toughest seasons the club has experienced, it was also a testament to the strength and competitiveness of the BSML.

As expected, Division 2 proved extremely competitive and demanding throughout the season, with the pressure intensifying during May as the season reached its finale.

A demanding schedule tested the squad, but we remained in contention right until the end, taking the league race to the final game in a title decider.

Some great performances in the cup competitions added to the pressure during the season with us progressing to the latter stages in three tournaments, culminating in two finals.

Celebrating Success

Our End of Season Awards Dinner held at Tullyglass on Saturday 6th June was the perfect occasion for the club to celebrate the success of season 26/27.

Presentation of both league runner up and cup winning medals were presented, with the evening then progressing to recognise individual awards as detailed on the image to the right and on an individual basis.

The event was another fantastic success and the perfect way to finish off the season, ahead of preparations for next season in our inaugural first season in BSML 1st Division.
